

## **Barford St Peter's C. of E. (VA) Primary School**

### **Values and Ethos**

#### **1 Our values**

Our values guide everything we do at Barford St. Peter's and underpin our strategic plan:

1. Every child is known and treated as an individual, and offered an education matching his or her particular needs and strengths;
2. We work in close partnership with families;
3. We place a strong emphasis on Christian beliefs and values;
4. We develop each child's potential in a happy, caring environment as we lay 'foundations of life' on which to build.

#### **2 Our aims**

1. To provide an understanding of the Christian faith and other major world faiths.
2. To promote respect for all people whether or not they have a particular faith.
3. To celebrate and accept cultural diversity.
4. To provide a rich, relevant and distinctive education.
5. To nurture the individual within our unique environment enabling them to reach their full potential
6. To embrace family and community links to support pupils' development.

#### **3 Our vision for the school**

We strive for excellent standards by harnessing the potential of every one of our children in a stimulating caring environment that lays foundations for life and skills for the future.

#### **4 Our strategic objective for the school 2016 – 2020**

We aim to make Barford St. Peter's a truly outstanding school, recognised for an educational environment and Christian ethos that delivers the best possible outcome for each of its children so as to lay a strong and secure foundation for future success in education, employment and society.
