GOODBYE MRS GARDNER

GOODBYE MRS GARDNER

After 7 years at Barford Mrs Gardner has decided to retire. It was a huge decision to make, as she has thoroughly enjoyed working with the children and staff. She particularly enjoyed 'Welly Wednesday' as gardening is an interest she has outside of school. We will miss her dearly but wish her the very best in her retirement. Good Luck Mrs Gardner.

SCHOOL DRIVE AND CARPARK

The school carpark is for **staff only**. As the school is growing we are unable to provide additional spaces for parents/carers and often visitors. Also for the safety of the children please use the gate at Bright Horizons to enter the school as we cannot guarantee keeping the drive clear of vehicles particularly while we are having the building work.

HEALTHY SCHOOL

Barford is a healthy school and we need to monitor all food that comes into the building to ensure any children suffering from allergies are not exposed to any substances that may cause an allergic reaction. It is a very serious and important part of our health and safety procedures to keep children safe. You will probably be aware of the recent fatality of Natasha Ednan-Laperouse caused by sesame seeds. Therefore at morning break we ask that only fresh or dried fruit or a healthy cereal bar with no traces of nuts is sent into school. Pre-School, Reception and KS1 all have fruit or vegetables every day as part of the Healthy Schools Scheme. Thank you for your support.

SATS MEETINGS

On Tuesday 16th October we will be holding a KS2 SATs evening for the parents of Year 5 and 6 pupils and a KS1 SATs evening for Year 2 pupils. The time is 6.00pm until 7.00pm but we anticipate the meetings may end earlier. We feel this will be an excellent chance to explain the process for both groups of children, to share test papers and to discuss how you can support your children at home. It will also be an opportunity for you to ask us questions regarding the tests. We are looking forward to seeing you at the meetings.

ALLERGY ACTION PLAN

If your child has an allergy and requires an auto injector or an inhaler please complete an allergy Action Plan (available from your GP) so we can give medicine in emergency situations. It needs to be signed by your doctor.

HARVEST FESTIVAL

Thank you to everyone who attended our Harvest Service in Church on Tuesday 2nd October, the church was bursting, which was lovely. Each class shared a special harvest message in a variety of ways. Thank you to everyone who provided food for the Salvation Army. Nathan and Elliott brought a special Harvest Hamper which they had prepared at home.

HOUSE CAPTAINS

We are delighted to announce our House Captains: - EveT, Hannah, Lola, Holly B, Belle, Jessica, Eve AK, May S, Caitlin. A huge Well Done!

PLAYGROUND GATE

For safeguarding reasons, please remember to close and bolt the wooden gate leading from the front playground to Bright Horizons Nursery when you leave school.
