Dear Colmbo,

I am writing to you from the South Pole.
It is as cold as a freezer here and you
see lots of snow and icebergs as well
as some amazing wildlife.

Happily I plan to visit you at the
incredible fascinating Whipsnail Zoo.
I wonder what it is like in your pool?
Is it very different from mine?

As it is so far away I will arrive
in two weeks. I will be using a
boat and my friends, the
wonderful whales will help
me get there.

I can't wait to see you!

Pinou the Penguin.

Look around you. Can you see something you wouldn't normally notice like a shadow or a small crack in the concrete.

I can see ...

mole holes

colourful canal boats

white duck

2 apples hanging on a tree
