

Brighouse High Sixth Form College Level 3 Applied Science Induction

What can I use to help me prepare for Applied Science?

- GCSE revision guides - use to ensure you have the foundation knowledge needed.

Useful Websites

Though not an exhaustive list, these are some of the websites which you might find useful.

Independent Study Task

Complete a poster on the periodic table (this is part of your first exam in January). Include:

- The definition of an ionic, metallic and covalent bond.
- Diagrams showing ionic, metallic and covalent bonding.
- The definitions of Van der Waals forces of attraction, hydrogen bonding and dipole-dipole interactions. Include diagrams where appropriate.
- An annotated diagram of the periodic table. Label where s, p and d blocks are, what groups and periods are. Explain why elements are arranged into groups.
- The definitions of electronegativity and ionisation energy. Can you explain how this is linked to how an element reacts?
