

CJM After School Club

Have a look at the different clubs that are available.

If any of these interest you, fill out the application form clearly stating which are your top 3 clubs you are interested in joining. Remember you will be allocated 1 club of your choice that you will be asked to attend for 5 weeks starting on the 7th June

Science

Do you ever wonder how scientists work? If so, come and get involved with the cool science experiments at the Convent!

You will carry out explosions in the lab, launch rockets, mix chemicals to make them fizz, bang and sparkle and learn the science behind fireworks!

The master class at CJMLC will also help you learn some important skills such as:

- how to develop a curious mind,
- how to increase your research skills,
- how to use scientific equipment,
- how to enhance your observation skills.

Cooking & Nutrition

Cooking and Nutrition is an exciting subject to do in secondary schools. The Convent will be offering 5 lessons of cooking lessons. It promises to be lovely, hands-on experience working with food. You will get an opportunity to learn about different foods through: observing, tasting, and cooking. The theme for the lessons will focus on "Grab and Go" food products. You will be able design and make your own "Grab and Go" food products which will be suitable to be served at any social gathering. By doing this activity you will develop your cooking skills and master skills such as: knife skills, baking, weighing, measuring, designing and making, research and sensory analysis.

Sports

Do you enjoy running around and being active? Do you like playing games?

Do you want to make new friends?

Do you want to improve your confidence in ball skills? (Things like throwing, catching, dribbling a ball & shooting)

Come and learn to play mini-basketball and have fun, fun, fun!

CJM After School Club

Film Making

During this club you will have fun while creating your own advert.

In this club you are going to learn about how to make a movie using windows movie maker and to start creating an advert with the software. During this club you will be asked to create a commercial advert about a chosen product. You will develop skills such as researching, designing, development, testing and presenting for your advert.

Drama

Come and form new friendships whilst learning new skills in drama! In our workshops you will learn new skills in characterisation, physical theatre and choreography. Allow your imagination to be stretched as you step into the world of mime, experimenting with illusion skills, music, storytelling, and comic timing. You will have the opportunity to create original pieces of drama and develop your performance confidence. If you want to tap into your creativity within, come along and we will support you. Have fun unlocking your theatrical potential!

Music

Music is a big part of the life of the Convent, we study music, we use music for mass, assemblies and to express ourselves. We can do that in many ways, for instance, events like the school concerts that take place in our community. Coming to the after school club you will have the opportunity to experience music at the Convent of Jesus and Mary. You will be learning how to use different instruments, the different ways of how music can be created and you will also learn how to play the school hymn! At the end of the course you will be able to perform your very own piece of music.

So come to music and make some noise!
