## 1. Introduction

This plan is based on the [contingency framework for managing local outbreaks](#) of COVID-19 and the [schools operational guidance](#), published by the Department for Education (DfE).

We will only implement some, or all, of the measures in this plan in response to recommendations provided by our local authority (LA), directors of public health (DsPH), Public Health England (PHE) health protection team or the national government.

It may be necessary to implement these measures in the following circumstances:

- To help manage a COVID-19 outbreak within the school. Actions will be considered when either of the following thresholds are met:
- There are 5 positive cases amongst pupils or staff who are likely to have mixed closely within a 10-day period
- 10% of pupils or staff who are likely to have mixed closely test positive within a 10-day period
- If COVID-19 infection rates in the community are extremely high, and other measures have failed to reduce transmission
- As part of a package of measures responding to a 'variant of concern' (VoC)
- To prevent unsustainable pressure on the NHS

## 2. Seeking public health advice

When one of the thresholds above is met, we will review the testing, hygiene and ventilation measures already in place.

We will also seek public health advice from a director of public health or health protection team. Jo Rockall will be responsible for seeking this advice, and will do so by telephoning the DfE helpline (0800 046 8687) or the Slough COVID Schools Programme Officer, Heather Cook.

## 3. Testing

If recommended, we will increase the use of home testing by pupils and staff. If it is advised that we reintroduce an asymptomatic testing site (ATS) at our school, we will consult with the director of public health (DsPH) to discuss any further support we need to do this.

If we reintroduce on-site asymptomatic testing we will implement the arrangements put in place for testing in September 2021 amending these as necessary to respond to circumstances.

## 4. Face coverings

If recommended, pupils, staff and visitors who are not exempt from wearing a face covering:

- Will be asked to wear a face covering in classrooms or during activities, unless social distancing can be maintained or a face covering would impact on the ability to take part in exercise or strenuous activity

## 5. Shielding

We will adhere to national guidance on the reintroduction of shielding, which would apply to those on the [shielded patient list \(SPL\)](#).

We will speak to individuals required to shield about additional protective measures in school or arrangements for home working or learning.

## 6. Other measures

Parents, carers, pupils and staff will be informed promptly about the introduction of control measures. This will be done via Parentmail and Teams messages once a decision has been made.

If recommended, we will limit:

- Residential educational visits
- Open days
- Transition or taster days
- Parents coming into school
- Live performances

If recommended, we will reintroduce:

- Bubbles, to reduce mixing between groups
- Longer school sessions to reduce movement around the school

## 7. Attendance restrictions

Attendance restrictions will only be recommended as a last resort. If recommended, we will implement the measures in this section.

### 7.1 Eligibility to remain in school

If restrictions are recommended, we will stay open for:

- Vulnerable pupils
- Children of critical workers

### 7.2 Education and support for pupils at home

All other pupils will be required to stay at home and will receive remote education.

We will aim to deliver remote education that meets the same quality and quantity of education that pupils would receive in school, as outlined in our remote learning plan (available on our website)

The school will provide vouchers for pupils eligible for benefits-related free school meals while they are not attending school because of COVID-19 isolation guidelines.

### 7.3 Safeguarding

We will review our child protection policy to make sure it reflects the local restrictions and remains effective.

We will aim to have a trained DSL or deputy DSL on site wherever possible.

On occasions where there is no DSL or deputy on site, a senior leader will take responsibility for co-ordinating safeguarding on site.

When vulnerable pupils are absent, we will:

- Speak to parents/carers and, where appropriate, social workers and the local authority, to work out the reason for absence
- Encourage attendance
- Ensure vulnerable pupils can access appropriate education and support while at home
- Maintain contact, and check regularly that the pupil is able to access remote education provision
