

## Mentoring Programme

The school has a number of mentors to work with students who may be finding it difficult to make progress in their studies for a number of different reasons and require 1:1 personal guidance. A referral for a mentor is made by the Heads of Learning based on variety of observations- behaviour issues, poor organisation, low self esteem, personal issues outside of the school and bullying.

The mentors allocated to the year teams are:

- Ms T Wray- Year 7
- Mr Jeavon Moo Young- Year 8
- Geoff Leslie- Year 9
- Daniella Dookey- Year 10 and Year 11

Mentors will make appointments to meet with the young people referred to them and this will sometimes take place during the lesson times. However, when this happens students will always be issued with an appointment slip requesting absence from lessons which must be signed by the subject teacher for that period.
