

Pupil Voice at Kingsdale Foundation School

The school values pupil voice and there are several avenues for students to make their views and opinions heard.

- Pupil Forum takes place once every month. All students are welcome to attend to discuss issues that they wish to raise. The staff that attend are usually the Deputy Headteacher, the Heads of Lower School and the Deputy Head of Lower School.
- Year Council takes place once per term and is a meeting chaired by the Head of Learning. At the start of the new academic year, tutors arrange an election in the tutor group for the Year Council representatives, comprising one rep and one Deputy, who stands in when the rep is unable to attend. The Year Council meets to discuss issues pertaining to the year group and also allows the Heads of Learning to communicate information directly to the student reps for dissemination. The reps feedback the outcomes of Year Council meeting to the peers in tutor time. At the first Year Council meeting of the year, two School Council reps are chosen to represent the year group.
- The School Council meets once per term and is a chance for the representatives of all year groups to meet together to discuss issues and receive information. Reps provide feedback to the Year Council at the next meeting.
- Subject Forum takes place once every half term. All students are welcome to attend and discuss their views and feedback on the teaching and learning experience in the subject. Each department organises Subject Forum for students.
