- Revise formally i.e quiet space, no distractions, no mobile phones or headphones
- Use your preferred techniques e.g. mind maps, bullet point notes, flash cards etc
- Identify specific topics/content to revise
- Keep your revision work in an organised , easy to access, way e.g. folders. Keep them for future use in December when preparing for your Y11 mock
- Utilise/use revision resources available to you e.g. G.C.S.E pod/My Maths
- Revisit briefly (10 minutes) what you revised the previous night. This will consolidate or help you retain what you learnt the night before
