DATE

10th Dec 2024

TIME

16.30

ATTENDEES

H. Owen, C.Bou Aziz,

APOLOGIES

L. Baker , J. Wood, and K.Morgan

AGENDA ITEMS:

Updates – We looked at the parent survey which was conducted at the parents’ evenings in November. Feedback was in the most part extremely positive, there were some suggestions which can be looked at throughout the school year and are something for future meetings. We discussed the “You said/We did” part of the school website and we would like all members of the parent council to look at the section on the website and think about how it could be updated to reflect what is written in the feedback from the parent voice survey in November. We would also like members of the parent council to have a good look at the website for the school and think about how we could change/update/improve – so please can we all have a look at that in preparation for the next meeting. Thank you.

The Guinness Book of records – we will officially be in it.

50th Birthday celebration – The school are working closely with Black Country Creative and have procured funds to run a series of workshops with children in year 4, 5 and 6 to develop the mural which local artist “Roots” will create for the school. The project will start in January and all children will be involved in a day (10th January) where they will investigate the history and culture of the school. Parents of children in year 5 have also been invited in to a parents workshop to participate in the design.

Behavior policy – This policy has been reviewed by SLT and Governors – this will be put on the website shortly.

Dates for meetings in the new calendar year:

Next Meeting – 4th February, 25th March, 20th May and we will discuss the last meeting of the year in May.

At the meeting in February we will hopefully be joined by Mrs Adams who runs the Raising attainment program in the school.
