Live Chick Hatching

There has been great 'eggcitement' in school this week as the webcam broadcast our eggs hatching in Nursery live on our website. The children have really loved seeing the eggs hatch and have been involved in caring for the chicks. If you haven't seen them yet, we have them for one more week so tune in by [clicking here](#) or on the community tab of the website and live chick hatching (Mon-Fri). Thanks to Nursery and Breakfast and After School Club staff for keeping a close eye on them.

Year 5 Lunch with Parents

Thanks to the Year 5 parents who were able to come in and share lunch with their children this week, it was great to see you and read your positive feedback.

Rocket Seeds from Space

Our rocket seeds from Space have now arrived in school. Children in the Year 1 gardening club sowed the seeds and Year 5 will be looking after them in their classrooms, comparing them to the growth of seeds that have been kept on Earth. We will share our results in June.
