## Pupil Premium 2017-2018 Review

Pupil Premium is an allocation of additional funding provided to schools to support specific groups of children who are vulnerable to possible underachievement. These include pupils who are entitled to free school meals; those looked after by the local authority and children of armed service personnel. The intended effect of this funding is to accelerate progress and raise attainment. This is a raising achievement agenda as well as a narrowing the gap agenda. Both agendas are priorities for Peters Hill. All schools are required to report on the amount of funding received, how this is being used, and the impact of any work done.

### **Our Strategy Values**

The values that we adopt in our approach to pupil premium support are to ensure children have:

1. Moral purpose.
2. Curiosity, enthusiasm and engagement.
3. Independence and confidence.
4. Logical, creative and deep thinking.
5. Respect for others and personal self-esteem.
6. Awareness of civic responsibility and global citizenship.
7. High standards of behaviour and positive attitudes.
8. Broad and balanced experiences with imagination, purpose and value.
9. Value all abilities, interests, cultures and beliefs.
10. Embrace and have autonomy with innovative technology.
11. Be part of a structured, caring and purposeful learning environment.

Our strategy is to focus our PP expenditure on the main barriers to learning for this group of children at Peters Hill.

The barriers to learning are;

1. Pupils basic needs may not be met.
2. Pupils may not have enriched curriculum opportunities.
3. Pupils may not have access to curriculum resources.
4. Pupils may need specific age-related teaching and learning that narrows the attainment gap.
5. Pupils may not demonstrate positive behaviours for learning.
6. Pupils may lack social skills and struggle with social inclusion.
7. Pupils may have poor attendance and punctuality.
8. Pupils may not have the regular support of parents.

### **Innovation**

We aim to develop our own approach on pupil premium support that has a heavy emphasis on raising achievement and narrowing the gap. We establish clearly how we are spending this money and the impact it is having.

### **Partnership**

We aim to ensure that we are outward looking using evidence from the many numbers of case studies that exist around good practice. We regularly access these examples to improve our own provision and the outcomes for our children. We use information from the Education Endowment Foundation to ensure that our work is evidence based and that our 7 core steps are all linked to the most positive strategies shown through the EEF. These range from strategies that have an impact of +3 to those of +8. The link to this information is shown here <https://educationendowmentfoundation.org.uk/>
