

## Year 5 – Autumn Term 1

### As a musician I will learn:

- About Ancient Greek music.
- How to compose my own Greek music.
- How to evaluate my own compositions.

### As a geographer I will learn:

- Where Ancient Greece was on a map.
- How Ancient Greek boundaries changed compared to Modern Greece.

### As a designer I will learn:

- What Ancient Greek pottery tells us about that period.
- How to use fine lines to add detail.
- How to use clay to design a pot.

### In my personal development I will learn:

- Why rules are important.
- How to demonstrate commitment.
- How class and school rules contribute to a safe school.

### As a historian I will learn:

- How to place Ancient Greece on a timeline.
- About comparisons between Modern and Ancient Greece.
- About the origins of the Ancient Olympics.

### As a sport person I will learn:

- About how to perform some Ancient Olympic Games sports.
- How to evaluate and improve my own performance.

### As an IT expert I will learn:

- How to use a search engine effectively.
- How to add music and images to a video.
- How to use the TV Studio.

### In RE I will learn:

- About the importance of commitment in Hinduism.
- About how Hindus believe in one God.
- About Hindu gods and goddesses.

### As a scientist I will learn:

- How the solar system is organised.
- Dimensions for the solar system.
- About famous scientists who made solar discoveries.

### As a writer I will learn:

- How to write newspaper reports.
- How to write biographies.
- How to assess my own writing.

### Our theme and topic will be:

## Ancient Greece

### As a reader I will learn:

- How to use inference to identify how a character feels.

### As a mathematician I will learn:

- About place value to 1 million.
- How to compare and order numbers to 1 million.
- Strategies for addition and subtraction.
