

## English

**Read Write Inc** - daily sounds, reading and writing activities.

**Word Time** - afternoon word time sessions and 1:to:1 tutoring where necessary.

**Writing Week** - We will be using the text 'Space Tortoise' and we will be learning the meaning of some new words, predicting what might happen next and also writing a set of instructions.

**Talk through stories** - each week we will be learning the new vocabulary for a book, reading the book, talking and thinking about what is happening, and answering questions.

## R.E

### Families

**Baptism** - continued

### Waiting

Explore - gifts given are a sign and expression of love

Reveal - advent is a time when we appreciate the love in our lives and prepare to celebrate love becoming a reality in the person of Jesus

Respond - how do children and staff experience Jesus in the daily events of the school

## Science

### Seasonal changes Autumn to winter -

The children will learn about the seasons Autumn and winter. They will compare the similarities and differences between the two seasons. We will also go on an Autumn walk to observe changes we have seen. The children will also explore how some animals adapt to survive in winter.

**P.E** Football and netball skills

## Maths

**Chapter 4** - Subtraction within 10 - to understand that subtraction can be done by crossing out or taking away, to subtract using number bonds, to complete number sentences, to solve problems through pictures.

**Chapter 5** - Positions - to use positional language such as first, second, third, right, left.

**Chapter 6** - Numbers to 20 - to count to 20 starting from 10, to recognise, read and write numbers to 20. To compare numbers using 'greater than' and 'less than'. To arrange numbers in order and look for patterns.

**Chapter 7** - Addition and subtraction within 20 - to add by counting on from the largest number, to add by making 10 and then counting the remainder, to add by separating the tens and ones. Subtracting by counting back from the largest number and to subtract from the ones column, to learn addition and subtraction number facts within 20.

## Foundation Curriculum - Design and Technology

Fabric Faces -

The children will learn all about different fabrics. They will explore and become familiar with the names of different fabrics and learn how to choose and manipulate fabrics to create different effects; they will also learn how to join fabrics in a variety of ways. Running stitch will be introduced during this unit. Finally, children get the chance to apply all of these skills to help them create their own fabric face which they will evaluate.
