# Half Term Homework

Well done - you have all been working so hard!
The following are some suggestions of activities you could choose to complete over the half term:

- Read (or listen to) a book, comic or poem for 15 minutes a day
- Complete a mindfulness colouring sheet
- Help with a task around the house, e.g. lay the dinner table
- Wear your favourite dressing up outfit for a day
- Try to find and list things in your house and garden beginning with every letter of the alphabet e.g. apple, bike, chair, etc
- Help to bake a cake or cookies
- Invent a new game that could be played in the garden and create some rules for it
- Build a car or house with lego
- Play a game of musical statues
- Have a teddy bears picnic and have ice-cream
- On a walk (or in your garden), find the names of three different flowers – see if you can sketch one
- Using your recycling, create a junk model of something, e.g. a plane, a castle, a robot, a flower
- Watch your favourite film/cartoon
- Build a den or fortress using bits from around the house. Here are some suggested designs from Ikea for ideas:

No evidence of this homework is required. However, you can share some examples/photos in your class portfolios if you would like to

Have a happy and safe half term – keep smiling.
