Promoting equality and community cohesion at Sacred Heart Primary School Luton

At Sacred Heart Primary School we have a strong commitment to fairness and equality in everything that we do.

- We try to ensure that everyone is treated with care, concern and respect in accordance with our Mission Statement.
- We work hard to make ensure that the school is a safe and secure environment for everyone.
- We recognise that people have different needs, and we understand that treating people equally does not always involve treating them all exactly the same.
- We recognise that for some pupils extra support is needed to help them to achieve and be successful.
- We try to make sure that people from different groups are consulted and involved in our decisions, for example through talking to pupils and parents/carers, and through our School Council.
- We aim to make sure that no-one experiences harassment, less favourable treatment or discrimination because of their age; any disability they may have; their ethnicity, colour or national origin; their gender; their gender identity or reassignment; their marital or civil partnership status; being pregnant or having recently had a baby; their religion or beliefs; their sexual identity and orientation.
- We have, in place, the following policies and schemes to ensure our school is a safe, secure and accessible place for all:

We also welcome our specific duties to publish information about our school population; to explain how we have due regard for equality; and to publish equality objectives which show how we plan to tackle particular inequalities or disadvantages.

We acknowledge our duty under the Education and Inspections Act 2006 to promote community cohesion.

We welcome the emphasis in the Ofsted inspection framework on the importance of narrowing gaps in achievement which affect, amongst others:

- pupils from certain ethnic and cultural backgrounds
- pupils who are supported by the pupil premium

Part 2: The public sector equality duty

The information provided in this section shows how we are meeting the public sector equality duty. We are required to have due regard for the need to:

- **Eliminate unlawful discrimination, harassment, victimisation** and any other conduct prohibited by the Equality Act 2010
- **Advance equality of opportunity** between people who share a protected characteristic and people who do not share it
- **Foster good relations** between people who share a protected characteristic and people who do not share it.

The information below is a summary of how we have due regard to the need to **eliminate discrimination, harassment and victimisation**. Please contact us if you would like to see copies of any of our school policies.

Sacred Heart Primary School has high ambitions for all pupils and expects all pupils to participate and achieve in every aspect of school life.

The school's commitment to equal opportunities is driven by our Mission Statement 'Jesus at the Heart of all that we do' and the National Curriculum Inclusion statement.

The school:

- Sets suitable learning challenges;
- Responds to pupils' diverse needs;
- Takes all reasonable measures to overcome potential barriers to learning and assessment for individuals and groups of pupils.
- Sacred Heart Primary School aims to identify and remove barriers to pupils in every area of school life and makes all children feel welcome irrespective of race, colour, creed or impairment.
- Is aware of the requirements of the Equality Act 2010 that it is unlawful to discriminate, treat some people less fairly or put them at a disadvantage.
- Our Governing Body is aware of the Equality Act 2010. When governors consider equality issues in relation to policies, decisions and services, a record of this is kept in the minutes and papers of Governing Body meetings.
- Keeps an accurate record, when possible and appropriate, of the protected characteristics of our pupils and employees.
- We have a school behaviour policy that promotes positive behaviour and encourages respect for all members of the school community.
- Deals promptly and effectively with all incidents and complaints of bullying and harassment. We keep a record of all such incidents and notify those affected of what action we have taken. We provide training to all staff in relation to dealing with bullying and harassment incidents.
- We have an Anti Bullying Committee that aims to create an environment where all members of the school community feel safe and valued.
- We have a special educational needs policy that outlines the provision the school makes for pupils with special educational needs.
- We have an accessibility plan that ensures equal access to all aspects of school life.
- Our admission arrangements meet the legal requirements for a faith school.
- Our complaints procedure sets out how we deal with any complaints relating to the school.
- We aim to observe and implement the principles of equal opportunities and non-discrimination in our employment practices.

- We have procedures for addressing staff discipline, conduct and grievances.
- We have a staff code of conduct that ensures staff are aware of their professional responsibilities.

The following pages provide information on how we have due regard to the need to **advance equality of opportunity** and **foster good relations**. This includes steps we are taking to tackle disadvantages and meet the needs of particular individuals and groups of pupils with protected characteristics.

Disability

Summary information (including data on gaps in attainment, inequalities that need to be addressed and relations between different groups of pupils)

- The school aims to encourage each child to grow in self esteem, stay healthy and to foster a positive attitude to life, developing in all pupils a mutual regard, understanding and respect for others.
- The school's Accessibility Plan is resourced, implemented and reviewed and revised as necessary. The governing body monitors and reviews the Accessibility Plan and Disability Equality Scheme.
- All pupils achieve well and make good progress including those disabled children and children with SEN.
- Pupils with disabilities are well integrated and have positive and respectful relationships with their peers.

How we advance equality of opportunity:

- We support disabled learners and staff by meeting their individual needs.
- We take steps (reasonable adjustments) to ensure that disabled pupils are not put at a disadvantage compared to other pupils.
- We involve disabled learners, their families and disabled staff in the changes and improvements we make and consult them on issues affecting them, rather than relying on people acting on their behalf.
- We carry out accessibility planning for disabled pupils that increases the extent to which they can participate in the curriculum, improves the physical environment of the school and increases the availability of accessible information to disabled pupils.

All pupils have equal access to all areas of the curriculum, after school clubs and school trips. Where a pupil has a specific barrier to accessing certain areas of the curriculum, advice and support is always sought from the appropriate outside agencies or special schools e.g. children with physical impairment may find accessing PE challenging. The school takes advice from local special schools.

School trips, breakfast and after school clubs, extracurricular activities and events arranged by the 'Friends' association are open to all children.

How we foster good relations and promote community cohesion:

- As a Catholic Primary School, integral to our life as a community, is to live the Mission

statement, based on the Gospel values to promote the aims of the school.

- Pupils at Sacred Heart learn and know about their local community and have a sense of the wider world. They have a good understanding of their rights and responsibilities. They are taught right from wrong, to be trustworthy responsible individuals able to make a positive contribution to the wider community.
- We are developing a curriculum that supports all pupils to understand, respect and value difference and diversity. We ensure that the curriculum has positive images of disabled people
- We enable all pupils to learn about the experiences of disabled people and the discriminatory attitudes they often experience.
- Pupils make an excellent contribution to the school, local and wider communities. They help at Lady Zia Wernher school for children with learning difficulties and very much enjoy raising funds for many charities.
- The ethos of the school, supported by the RE, PHSE&C and SEAL programmes, helps to develop in pupils a common sense of belonging and shared values.
- Pupils are encouraged to support and help their peers.
- The school tackles bullying or harassment on the basis of special educational need or disability in line with the school Anti Bullying Policy supported by the pupil ABC (Anti Bullying Committee)
