Weekly Project; Due 3rd March

For this week's project, we were thinking about how important it is to celebrate what makes us special and unique. So we came up with the idea for each child to create their own collage, that represents who they are!

A collage is a collection of pictures/words/things that show someone who we are, just by looking at it. Some suggestions for things to include are a picture of your favourite pet, food or colour. You could also put on a few words that describe who you are, e.g. funny, smart or kind. Maybe you will use some of these ideas, or come up with your own!

We're sure that whatever you produce will be amazing, as it's all about you!

You should try to make this on an A3 piece of paper, and be as creative as possible. We have included time for this project on Friday Afternoon for your 'no-screen' time.

We hope you enjoy this!
