We have loved hearing from all the children and parents who have contacted us via class dojo to show us what they have been up to! Children have sent through pictures and videos of their lovely little puppies, delicious baking, homemade protection masks, egg experiments, artwork, Egyptian models, den construction and hard work gardening - as well as their schoolwork completing writing, maths, science etc. Keep sending through anything that you get up to (it brightens our days) or any questions you might have.

ALSO...

A big well done to all the children who have accessed Education City and have been working hard with the home learning they have been doing.
