

Reception Newsletter

Summer Term 2

– June 2018

HOT, hot, HOT!

Please remember to send your child with a full drinks bottle and hat each day of the week please. We are in and out all day – no matter the weather! Don't forget to add a name label to everything.

Remember to follow us on twitter for updates, photos and challenges!

@SomersparkRGS

Reading and Phonics

Our daily phonics sessions will continue and the homework sent home on a Friday will reflect the sounds and words that we have been working on.

Reading books will continue to be changed every Friday but need to be in school everyday so that we can read at school too please. Please remember to read the books each day – the children need to know the content off by heart.

Our Topic

This term our topic is all about moving on and is called

Reach for the Stars

The children will be getting ready for Year 1 through fun stories and activities. We will be thinking about being 5 years old, jobs that adults do as well as giving our little people a huge pat on the back when we look at how much they have learned this year.

In Maths we will cover sharing, patterns, ordering numbers, measuring, calculations and problem solving.

As always, if you have any expertise, books, stories or useful resources that can be used during our topic, please feel free to send them in.

Year 1

PE

PE day is Friday.

We will be continuing to enjoy outdoor games sessions for Summer Term PE lessons. The children are allowed to wear jogging bottoms and trainers if they would like to. Please send these in the PE bags to remain in school each week.

Please remember to name everything ☺

Diary Dates
