Dear Parent,

On Friday 10th May we will be having an informative discussion with the Year 5 children about physical development and the changes that happen to humans as they grow older, including what changes they may be experiencing or will experience in coming years. This links into our Science topic of lifecycles that we are currently completing, but is also relevant as children develop at different rates and may have concerns they wish to discuss. More detailed sex education will be covered in Year 6.

If you have any further questions regarding these discussions, please let us know.

Mrs Black and Mrs McCracken.
