Our mission at St Clare's School is to provide an education which has at its centre the values and ideals of the teaching of Jesus Christ, according to the traditions and doctrines of the Roman Catholic Church.

Our mission is to create within this school a Christian community living together in a happy, welcoming environment in peace, justice and love, valuing the dignity of the individual and actively respecting cultural strengths and differences.

We acknowledge that each school is a unique community within the wider community it serves. Our staff will strive to build caring and supportive partnerships between the school, the home, the parish and the wider community.

We want every child who spends any time as part of our school community to be able to grow and develop fully and happily and to have a very positive experience of school life. We know that this is best achieved by school and families working together in the best interests of the children and we value full parental support.

The School will:-

- Ensure the safety and wellbeing of all the children.
- Provide a high quality education centred on gospel values
- Encourage children to do their best at all times
- Inform parents of the children's progress at regular meetings
- Inform parents about what we will teach the children each term
- Set appropriate homework
- Work together to address the additional needs of any child.
- Encourage children to have respect for others and their surroundings
- Set standards of appropriate behaviour to ensure all children feel secure and happy
