

St. Clare's Catholic Primary School
Special Educational Needs and
Disabilities (SEND) Local Offer/SEND Information Report

St. Clare's Catholic Primary School is committed to offering an inclusive curriculum to ensure the best possible progress for all our pupils whatever their needs or abilities. We are committed to striving to ensure that all children in our care have access to exciting learning opportunities that fully meet their needs.

This document is intended to give you information regarding the ways in which we ensure we support all of our pupils, including those with SEND, in order that they can realise their true potential. It may not list every skill, resource and technique that we employ in order to achieve this as these are continually developed and used to modify our provision to meet the changing requirements for individual pupils.

Children are identified as having SEND when their progress has slowed or stopped or are significantly behind ARE and the class teacher's interventions, resources etc. put in place do not enable improvement and progress. Once this occurs, early identification of the need is vital and this is done through collaborative work with relevant staff and professionals.

We implement an approach based on the [guidance from Bradford Metropolitan District Council's Children's Services for SEN](#) depending on the severity of your child's needs.

If a child has a Statement of Special Educational Needs or an Education, Health and Care Plan, then we provide the support detailed in the plan, which is different from the information stated below.

What is a Special Educational Need or Disability?

Children have special educational needs if they have a **learning difficulty** that calls for **additional and different provision** to be made for them.

Children have a learning difficulty if they:

- Have a significantly greater difficulty in learning than the majority of children of the same age.
- Have a disability that prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age.
- Are under compulsory school age and fall within the definitions above or would do if special educational provision was not made for them.

(2014 SEN Code of Practice)

What are the areas of SEND which St. Clare's offer provision for?

We follow guidance from Bradford Metropolitan District Council's Children's Services for SEND. This is based on a graduated approach and an 'Assess, Plan, Do and Review' 3 range structure.

The different 'Ranges of Need' are:

- **Autistic Spectrum Condition (ASC)**
- **Speech, Language and Communication Needs (SLCN)**
- **Moderate Learning Needs (MLN)**
- **Specific Learning Difficulties (SLD)**
- **Social, Emotional and Mental Health (SEMH)**
- **Hearing Impairment (HI)**
- **Visual Impairment (VI)**
- **Multi-Sensory Impairment (MSI)**
- **Physical Difficulties (PD)**

For further details about each Range please click on the links above or alternatively copies are available from school if needed.

How are Special Educational Needs or Disabilities identified and assessed at St. Clare's Catholic Primary School?

Initial concerns about a child's progress or development may come from:

- Your child's class teacher expressing concerns that their progress has slowed or stopped or that they are finding learning, or any other area, especially difficult.
- Our rigorous assessment cycle (on a half-termly basis) highlighting that a child has not made the progress expected or that they are falling behind other children of their age.

- A health professional such as a GP or Health Visitor following a medical concern or diagnosis.
- Previous Educational settings such as Nurseries or Children's Centres.
- You, speaking to the class teacher or SENDCo about anything that you have noticed at home.
- Your child, expressing concerns about their own development or progress.

Once it has been identified that there may be a Special Educational Need or Disability the class teacher, in consultation with the SENDCo, will identify where the need lies and what gaps in learning need to be addressed. From here we will consider what your child's short term targets should be and what 'additional provision' should be put into place to help them to meet their targets. The school will invite you and your child to contribute to this process and will ensure that your views are fully taken into account when considering what provision may be appropriate. Advice may be sought from relevant professionals at this time.

Who should I speak to about my child's difficulties with learning/ Special Educational Needs or Disabilities?

Your child's class teacher

Is responsible for:

- Monitoring the progress of all children.
- Providing Quality First Teaching that is carefully adapted to the needs of pupils to ensure that all children reach their full potential.
- Identifying, planning and delivering any additional support that may be needed. This might include targeted learning, small group work or a personalised curriculum.
- Discussing any initial concerns with you and highlighting these concerns to the school's SENDCo.
- Writing and evaluating Individualised Education Plans and sharing these with you at least termly.
- Ensuring that they follow the school's SEND policy.
- Ensuring that they work collaboratively with any other adults who work with your child in school and discuss any plans that are in place to ensure that everyone works together to deliver the planned program to help your child to meet their targets.

The SENDCo- Miss A Thompson 01274 637841

Is responsible for:

- Writing the school's policy for Special Educational Needs and Disabilities.
- Coordinating all of the provision for pupils with Special Educational needs or Disabilities.
- Ensuring that you are:
 - Made aware of any concerns regarding your child's progress through meetings with the class teacher/SENDCo.

- Involved in supporting your child's development.
- Involved in evaluating and reviewing their progress towards set targets.
- Liaising with any other people or agencies who may be coming into school to support your child's development.
- Updating the schools SEND register (a system for ensuring that the needs of pupils with SEND are known) on a regular basis.
- Ensuring that there are in-depth records of your child's needs, targets and progress.
- Providing support to teachers and teaching assistants so that they can help all children to reach their potential.

The Headteacher-Mrs M Newsham 01274 637841

Is responsible for:

- Overseeing the work of the SENDCo and working together with the SENDCo to ensure that the children's needs are met.
- The day to day management of all areas of the school's work including provision for pupils with Special Educational Needs or Disabilities.
- Working closely with the SENDCo and class teachers to delegate responsibilities and to ensure that the needs of all children are met.
- Keeping the Governing Body informed of any issues related to SEND.

The SEND Governor- Miss D Holroyd

Is responsible for:

- Determining the school's general policy and approach to provision for children with Special Educational Needs and Disabilities, in co-operation with the Headteacher.
- Establishing the appropriate staffing and funding arrangements and maintain a general oversight of the school's work.
- Meeting regularly with the SENDCo to keep updated with any changes.

What should I do if I have concerns about my child?

- If you have any concerns about your child's learning or development you should speak to your **child's class teacher initially**.
- This can be done at parents evening or by telephoning the office on 01274 637841 or by making a direct appointment with the class teacher.
- If you continue to have concerns please ring to make an appointment with the SENDCo- Miss Thompson.
- If you are unhappy that your child's needs continue to be unmet please contact the Headteacher.

How will the school let me know if they have any concerns about my child?

- Initially your child's teacher will speak with you either at parents evening or at an arranged meeting to discuss their concerns.
 - They will listen to your views on your child's learning.
 - They will discuss with you any additional support that they feel would benefit your child and will discuss short term targets for the coming term.
- Where further support is needed the SENDCo will contact you to review the provision that has been put in place and to gain your views on your child's progress.
 - This may involve the implementation of further in-school interventions or
 - Discussion about referrals to outside professionals.

We value your partnership in working together with relevant staff and cannot stress how important this is in order to meet the needs of your child.

What support is available for my child to support their Special Educational Needs or Disabilities?

Quality First Teaching- Class teacher input through specially targeted teaching

- Teachers deliver highly focused lesson design with sharp objectives.
- Teachers have high demands of pupil involvement and engagement with their learning.
- Teachers expect high levels of interaction for all pupils.
- Appropriate use of teacher questioning, modelling and explaining.
- Teachers place an emphasis on learning through dialogue, with regular opportunities for pupils to talk both individually and in groups
- Teachers have an expectation that pupils will accept responsibility for their own learning and work independently
- Regular use of encouragement and authentic praise to engage and motivate pupils.
- Teaching strives to take into account a child's preferred way of learning and may include the use of different equipment.
- The use of specific strategies (possible identified by the SENDCo or outside agencies) to fulfil your child's needs.

How do we adapt our teaching?

- Many of our support staff are specially trained to work with pupils with SEND and to deliver our list of interventions as listed above.

- All staff are trained to be able to deal with and adapt to a range of SEND, therefore we use a number of approaches to teaching in order to meet the needs of all pupils.
- All lessons are differentiated in order to allow every child to achieve and make progress. If your child is unable to access this we provide separate planning and resources for them.
- All staff are trained to adapt classroom environments if needed for children, for example if specialist seating is needed for a child or if there is a need to consider where a child is seated if they have a visual or hearing need.

Specific small group work

- An intervention run by a teacher or Teaching Assistant which is specially focussed on helping a small group of children to meet their individualised targets.
- May take place in or out of the classroom.
- The adult leading this group will be trained to do so and will have a clear understanding of children's strengths and difficulties.
- Carefully planned to fill an identified gap in knowledge or understanding.
- May include the use of additional equipment and will take into account pupil's preferred learning styles.

How are staff trained?

Training is accessed by all members of staff through the year covering a range of Special Educational needs and disabilities depending on the needs of the children within our school. Recent training has included Dyscalculia training, Better Reading training and 2 members of staff are due to complete Mental Health and Anxiety in Young People training this year. We also deliver a number of other intervention programmes across both Literacy and Maths, for example, 1, 2, 3 Maths and ELS.

Support from Outside Agencies

Where it is felt that a child has additional needs or barriers to learning that cannot be overcome through Quality First Teaching and Specific small group interventions advice may be sought from professional agencies outside of the school.

This might include:

- Local Authority Services such as Learning Support Services, Educational Psychologist etc.
- Agencies such as the Speech and Language Therapy Service (SALT) or ASD Team.
- Medical professionals such as the School Nurse.

What would this mean for you and your child?

- Your child will have been identified as having additional needs which the school feels requires more specialist input.
- You will be contacted to discuss your child's needs and will be asked to give your permission for a referral to a specialist professional to go ahead.
- The specialist professional will work with your child to more fully understand their needs and may make recommendations for strategies to meet their needs.
- The school will discuss with you the conclusions and recommendations of the professional and what support/ strategies will be put in place to support your child.

Specified Individual Support

Where your child is identified as needing a particularly high level of individual or small group support which cannot be provided from the budget available in school an Educational Health Care Plan (EHC plan) may be applied for.

What would this mean for you and your child?

- Your child has been identified as needing a high level of individual support.
- Specialist professionals will have been involved in trying to meet your child's needs.
- The school (or you) can apply to the Local Authority for a statutory assessment of your child's needs. This is a legal assessment in which your views and those of professionals who have worked with your child will be considered.
- If the Local Authority agrees that your child's needs are severe and complex enough to need a Statutory Assessment additional information will be gathered and will be used in the writing of an EHC plan.
- You and your child will be asked to contribute to this.
- An EHC plan will have long and short term goals for your child. It will set out the number of hours of support that will be provided by the Local Authority, how this support should be used and what strategies will be used to help your child to meet their goals.
- You will be contacted to discuss a 'personalised budget' for your child's additional provision.
- The EHC plan will be reviewed at an annual meeting in which you and the professionals involved with your child's provision will discuss their progress and set new short term targets.
- If the Local Authority do not agree that your child's needs are severe and complex enough to require a Statutory Assessment then the school will be asked to continue to provide personalised support.

How is additional provision recorded?

The school uses a 'Provision Map' to show the additional support that is given to all children with Special Educational Needs or Disabilities. This allows us to clearly see what additional provision has been put in place for each child and to identify any gaps that there may be in the provision offered.

Where a child's needs are more specific they may have an Individual Education Plan (IEP) which will include their personalised provision, targets and support. This will also be detailed on the Provision Map.

How will my child's progress be assessed and reviewed?

Children's progress will be assessed and reviewed against their personalised targets. This will happen on a termly basis at a meeting between the class teacher, parents and child. At the meeting, the recent targets will be reviewed to assess whether the child has met them and new targets will be agreed together. These targets will then be put in place over the following term and the process will start again. Interventions are monitored by subject co-ordinators and SLT and evaluated on a regular basis.

How will St. Clare's Catholic Primary School help my child in transitions between classes and to secondary school?

At the end of every year, the child will have time to meet their next class teacher and familiarise themselves with this person. The current class teacher will also meet the class teacher and support staff in the following class to discuss strategies and plans that have been previously put in place and worked well so that there is a clear transition between classes. Should the class teacher feel that it is necessary to meet parents at this time, they will or they may decide to wait until the start of the year once the child has had some time to settle in. Transition meetings between primary and secondary schools for SEND pupils are given priority and the SENDCo liaises with the secondary school to plan for this in the summer term, when places have been allocated.

How will St. Clare's Catholic Primary School ensure that my child has access to facilities and extra-curricular activities?

All children have access to extra-curricular activities and no child is turned away because they have SEND. The clubs are generally run by outside agencies who have the same ethos as we do and are committed to offering an inclusive activity.

How will St. Clare's Catholic Primary school support my child's social and emotional development?

We ensure that all pupils have access to opportunities to enhance their emotional and social development, through a wide and varied PSHCE (Personal, Social, Health and

Citizenship Education) curriculum, daily assemblies and through our Catholic Ethos and weekly 'Statements to Live By'.

Pupil's views are extremely important in St. Clare's Catholic Primary School and we always listen to the children's points of view. They are involved at every stage of the SEND process and their views are valued and taken into consideration. All staff are approachable and available to all children who wish to speak with them. The first point of contact would usually be the class teacher, however the Learning Mentor and Headteacher are also available should the child wish to speak with them.

At St. Clare's Catholic Primary School we follow the 'Assertive Mentoring' behaviour system which has clear rewards and consequences. We also have a clear and concise bullying policy which is adhered to. For more information this can be found on the school's website.

What extra support do we bring in to help us with SEND?

- We have access to our Learning Support contact on a regular basis for children who require support from this service.
- We buy Educational Psychologist time each year and this is put into those children who require EP support.
- We have Specialists who can come and observe children and support school with providing an inclusive learning environment, for example; Visual Impairment Team (VIT), Autism Spectrum Team (AST), Learning Difficulties Team (LDT), Physical Difficulties Team (PDT), SEN Early Intervention, Support Team for Deaf children and the Educational Psychologist. 01274 435337.
- We can also make referrals with your consent to the School Nurses team. Barkerend Health Centre: 01274 661353.

Access arrangements

- Our school is all on one level, except access to KS2 which has 7 steps. Each KS2 class has classroom doors which are accessible to all children, including those in wheelchairs. We also have an accessible toilet and hygiene room.

Additional funding for children with SEND

- We have a hygiene room which we use to support children with SEND.
- Schools receive funding for all pupils with SEND. School will discuss with parents how funding is used to support their child.

What to do if you are concerned about decisions or what is happening in school

- The first person with whom you can discuss your concerns is the class teacher.
- Your next contact is the SENDCo.

- You may choose to discuss concerns with the Deputy Headteacher or Headteacher.
- If you feel that your concerns have not been resolved, we will provide you with the contact details for our Chair of Governors.

Where can parents/carers find extra support?

- All staff in school are here to support you; you can speak to any member of staff at any time if you have a problem or worry.

There are a number of parent support groups such as;

- <http://www.barnardos.org.uk/parentpartnershipservice.htm>
- The Parents' forum for Bradford and Airedale provide information and they aim to support families with children with special (additional) needs. <http://www.pfba2.org.uk/>
- Bradford Families Information Centre - a good place to get information on the range of services and support you can access. 01274 437503

Further information can be accessed through Bradford Schools Online. To visit the website go to:

<https://bso.bradford.gov.uk/Schools/Home.aspx>

Bradford also has its own Local Offer website, which provides a new way of giving children and young people with SEND and their parents or carers information about what activities and support is available in your local area. To visit the website go to:

<https://localoffer.bradford.gov.uk/>
