

Trusted Relationships Group Work – Continuing to keep children safe during this complex time

We're keeping in touch to let you know that we are still able to provide support, advice and information to children, families schools and communities during this current global health crisis.

It goes without saying that we've had to adapt to the challenges posed by Covid-19, but we wanted to reassure you that we are still here and committed to delivering services.

We've made a start by sending out our handy information sheets, so please do share with the children and families you have contact with:
