

# Governors' Strategic Objectives 2018 - 19

*"a learning partnership valuing respect, personal best...and a spirit of fun"*

# Stroud High School – Governors' Vision and Ethos 2018 – 2019

As a girls' grammar school in the 21<sup>st</sup> Century we believe that:

- Stroud High School should be accessible to all girls who have the ability and aptitude to access a grammar school curriculum
- Girls who enter the school will be supported in their wellbeing and build their character and a social conscience
- Girls will leave Stroud High School with life enhancing qualifications and will go on to make a difference in the world and lead fulfilling lives
- Everyone at Stroud High School aims for their personal best
- We all work together in partnership in an open community built on effective communications, mutual respect and strong personal relationships
- Stroud High School continues to be an outward-facing, collaborative school fostering strong relationships with external partners
- Education should be challenging, exciting and fun

The governors will adhere to the Code of Conduct for the Governing Board of Stroud High School which embodies the Seven Principles of Public Life as published by the Nolan committee 1994.

Accessibility for all girls

Recruitment, retention and development of staff, students aged 11-16, the sixth form and governance through maintaining a high quality educational offering

A robust, agile and sustainable financial model

**Governors' Strategic  
Priorities  
2018 – 2019**

Maintain political awareness of changes in education and take action as appropriate

Continued improved performance throughout the school

Strengthening relationships with partner bodies and establish communication with potential new partners
