

Mrs Jacqui Phillips

Jacqui... I have been a governor at Stroud High School since 1999 and Chair of Governors since 2001. Chris Ryland and I are now Co-Chairs of the Board of Governors. I have also served 23 years as a primary school governor and worked as an additional governor or interim executive board member at five other schools.

Before having children I worked firstly for London Transport and then as a traffic engineer linking signals via computers to optimise vehicle movement in city networks throughout West Yorkshire. Arriving in Gloucestershire with two daughters I followed them into school and became a governor.

I enjoy all aspects of governance and have chaired a variety of committees over the years but I feel passionate about wanting students to be able to access the best available education.

I have been involved with the Afritwin link from the start and am now assisting the school to develop a relationship with a similar school in South Korea. Also as my business background is in ICT, I take an active interest in maintaining the school's technology infrastructure.
