

Dear Parent/Guardian

September 2017

Data Protection Information

At the start of the academic year, we set up a number of services used by schools across the country. Examples are *Show My Homework* and *My Maths* which provide a useful tool for staff, students and parents to monitor and assess their work. As part of the setting up process, we share data from our school management information system including student names, year group, teacher and school classes. This is then updated automatically so that the system can change automatically if a student changes from one class to another.

We share data with the following companies:

Its Learning – school VLE and email systems including Microsoft Office 365
Show My Homework – online homework calendar including photos to prepare seating plans
My Maths – Maths resources and homework activities
PearsonActiveLearn.com – Exam board Maths support resources
Doddle – online assessment scheme
Code Academy and Hour of Code – Computer Science online resources
Renaissance Learning – online reading scheme
AQA, EdExcel and OCR Examinations Boards
Kerboodle – Oxford University Press Science Scheme
UCAS Progress (Year 11 only)
Eclipse Library System

If you require any additional information about these systems, please contact me at the email address below.

Yours faithfully

C. Williams
Assistant Principal
