

Independent Support

YOU are the most important person in this process

For young people aged 16-25 with special educational needs and disabilities

What is changing for me?

If you had a Statement of special educational needs or a Learning Difficulty Assessment (LDA) at school or college, you could be moving onto a Education, Health and Care Plan (EHC Plan)

An EHC plan is a legal document which describes your special educational needs and your aims for the future. It also describes what needs to be done to meet those needs by education, health and social care professionals.

What is an EHC Plan?
