Dear Parents/Carers,

Year 1 Phonics Screening Check Workshop

As I mentioned earlier this year, all pupils in Year 1 have to complete a phonics screening check in June. This check is to monitor if pupils can decode words using the sounds they have been taught and the results form part of our school performance data.

We will be focussing on phonics and reading words accurately in class. Daily phonics lessons will continue and extra phonics practise will happen during the afternoons.

We teach reading real and nonsense words accurately using a specific method. I would like to share this method with you so that you can help your child at home to practise accurate reading. I would also like to show you websites and phonics games that you can play at home too.

This workshop will take place on Tuesday 20th March at 5:30pm. The workshop will be held in Falcons classroom (bigger chairs!) and will last an hour.

Thank you for your continued support and I look forward to seeing you there.

Yours sincerely

Miss Neal
