Year 2 national curriculum assessment – parents’ meeting

Dear Parents/Guardians,

As we move into the summer term, Ms Banfield and I are preparing for the end of year assessments under the National Curriculum guidelines. As many of you are aware, the way we assess children changed in 2016 along with the expectations of children in year 2.

I would like to invite parents to an information session to explain:

- how your children will be assessed during the summer term
- when assessments will take place
- where the information gathered is sent
- how we will report this to yourselves as parents/guardians
- how I will make judgements to decide if your child is working at the expected standard.

The planned date for the meeting is Monday 19th March 5:30pm. Due to nature of the meeting it is advisable that the children don't attend.

Attending this meeting will help you to support and prepare your child for the last 2 half terms in year 2 and for their end of year assessments.

Please return the reply slip by Friday 16th March 2018.

Mrs Atkinson

I the parent/guardian of _____ will be attending the year 2 national curriculum assessments meeting on Monday 19th March 2018.

Signed.....Date.....
