

## Mathematics

We are learning to find pairs with totals that make 6 or 7

### Activity:

Show 7 pegs on a coat hanger. Partition into 6 and 1. Turn hanger round to show that 6 and 1 makes 7 as well as 1 and 6. Repeat for 5 and 2, 4 and 3. Your child should close their eyes whilst you hide 2 pegs with a cloth. Ask your child to open their eyes. *Show me 7 fingers. Now show me how many pegs you can see on the hanger. How many fingers did you fold down? That's how many are hiding!* Record  $5 + \square = 7$ . Agree 2 goes in box. Remove cloth to check. Repeat hiding other numbers of pegs.
