

Year 4's Mission Statement

In year 4 we are committed to follow the school rules. From the start of the day after arriving at school punctually; we will line up correctly, always move around sensibly and maintain social distancing (when we are not in our bubble).

To help ourselves and others, we will be kind and support each other. We will listen to each other's views. As a team we will work together to keep all our areas and equipment clean. We will treat all our equipment and each other with respect.

During lessons we will remain focussed and all work towards achieving our pen licence. We will become confident learners when using technology in school, particularly when we are completing our remote learning and submitting work online.

It will be our mission to make sure all our class and others at Bankfoot feel safe and happy.
