Chartwells Hot Meals Provider Price Update

Chartwells is committed to providing high quality and nutritious meals that meet the School Food Standards. They have advised us that due to continued inflationary pressures and despite their ongoing efforts to mitigate inflation – including through negotiations with suppliers and evolving the menu - the pressure has risen to such an extent it has necessitated them having to increase the charge to our school for the provision of school meals.

Children eligible for free school meals will still receive free school meals.

For those paying for meals, regrettably the price from 1st January 2023 will be £2.80.
