

Sparks – Filmmaking over Easter

Sparks Bournemouth have upcoming filmmaking workshops running this Easter, again with support from BCP council and the Holiday Activities and Food Scheme. We will be running two groups of filmmaking workshops for ages 7-9 and 10-14 in the mornings (9.00am to 1.00pm) and would love eligible children join us. We are offering free spaces to children in receipt of benefits related free school meals and we are particularly keen to include children with SEN. This Easter, children will work together to create their own superhero film in just five days from 8th April to 12th April.

It will be a fun, practical week that will build team-working skills, develop creativity and help children to make new friends and all children will receive a free hot meal every day!

You can see some of the films created by past pupils here:

<https://www.youtube.com/watch?v=I5DKuGeEuI8>

We have limited places so parents should email me at bournemouth@sparksarts.co.uk as soon as possible with their email address and contact number if they would like to book a place.

Kind regards,

Tim Berry
