

9<sup>th</sup> February 2022

Dear Parents/Carers,

Each term the Inclusion Team delivers presentations to parents about different aspects of children's learning. These are aimed to be informative yet informal. All parents and carers are welcome to attend.

Our next Inclusion Day will take place on **Wednesday 2<sup>nd</sup> March**, with presentations at 9:00am and 2:00pm.

The focus for the presentations will be: The Zones of Regulation-A curriculum designed to foster self-regulation and emotional control by Leah M. Kuypers. During the session, we will talk about how we use the zones across the school to support our children with their mental health and wellbeing. You will have the opportunity to complete the zones with your children at the end of the session. Zones of regulation help children to understand their emotions and ways that they can help themselves.

Refreshments will be provided and an opportunity for questions will also be available.

If you wish to attend one of the presentations, please return the reply slip below so that we have an indication of numbers for each presentation.

Best Wishes,

Lizzie Sharpe
