Thursday 2nd July 2020

Dear Mums, Dads and Carers,

Thank you for the whole school community's support over the past four months in what have been the most challenging times I have had in my 17 years of education.

It has been an absolute pleasure to see how all families pulled together to support the learning at home and I loved seeing how involved everyone was with the work the children were completing. When we were finally able to invite children back into school, the smiles on the children's and teacher's faces as they saw one another and their friends was a sight that will stay with me forever.

Over the summer holidays, we are having extensive building and refurbishment works at Seven Mills: the relocation of the Reception class to the current library and IT suite and the creation of a joint Reception and Nursery Early Years Unit. We will also have new windows in the hall, new roofing, a refurbishment of the KS2 classrooms, repainting of the hallways, new lights throughout the school and a new wifi system. In order to prepare for this, school will be closed to all students on Friday 17th July with Thursday 16th at 1:00PM being the last day of term.

Thank you for your continued support of Seven Mills.

Tom
