Tuesday 5th May 2020

Dear Mums, Dads and Carers,

Seven Mills Update

I write to you as we now enter the sixth week of lockdown amid talk of this being the 'new normal'. As a school we have been so proud of all the children and families at Seven Mills and how well you have adapted to working from home and supporting the children. We hope that getting a phone call from your teacher was really supportive and they loved having the opportunity to speak to you all. All the staff at Seven Mills really miss the children and hope they are all doing well.

Home learning

Thank you again for your support with the home learning. Most of the packs for your children have been collected. If you haven't collected them yet, please do contact the school office so we can arrange a pick up. We will be delivering some of the home learning packs for those families who are not able to come and collect them and we will be in contact soon.

Free School Meal Vouchers

The school office has been working incredibly hard in sourcing and distributing the free school meal vouchers through the scheme set up by the government. There have been many problems with this system which all schools have been finding but we are confident that we are getting the vouchers to those families who are eligible. If you think you are eligible to free schools and are not receiving the vouchers, please contact the office on 0207 987 2350 or admin@sevenmills.towerhamlets.sch.uk. If you haven't received your vouchers by the end of each week please check your spam first as they may have gone there or contact the office on the above details and we will make sure that you get them.

Food Bank at St Luke's

St Luke's church is operating a small food bank from 10:00 - 12:00 each week day. If you are short of food, please visit them and speak to them for support.

Support from Seven Mills

If you need any support, be it for home learning, food financial support or anything else, please do contact the school and if we can help, we will do. We know that these are very trying times and we have a team of people who can be there to help if you need it.

Summer Term

Every day there is something in the news about schools reopening and what this will look like. As of yet, I have not heard anything concrete about this situation but as soon as we know what will be expected of the school, we will contact all families with the details. We will make sure that we can support the children's learning in a safe and sustainable manner and hopefully, soon, we will be able to have children back at Seven Mills.

Finally, please stay safe and stay at home.

Take care

Tom and Everyone at Seven Mills
