

Good morning everyone!

I hope you all enjoyed your holiday as much as possible and happy new year to you all!

As you know, most of us will be learning from home for a while due to the 2<sup>nd</sup> national lockdown rules, so be sure to check your class page on the school website EVERY DAY for lots of fun learning videos and activities.

The MOST important activities you can do to support your child's learning at home is PLAYING and TALKING with them.

If you need some more inspiration of what sorts of things to do - check out this website....

Simple, fun activities for children, from newborn to five: <https://hungrylittleminds.campaign.gov.uk/>

You will find some short videos and simple, fun activities that you and your child can do together.

Activities are broken down by age, but no one knows your child better than you do, so you can pick and choose the ideas that feel right for you, adapt the suggestions or even come up with your own. Use whatever language you feel most comfortable with. Have a go and try something new!

Please email messages & photos of your fun learning activities at home – we really want to hear from you:
