Behaviour

At Seven Mills, we use positive behaviour management strategies to ensure our children feel happy and confident in lessons. We use a range of preventative measures to stop poor behaviour occurring, and give children the chance to 'fix up' before putting sanctions in place. The strategies are designed to ensure that 'first attention goes to best conduct' and to create a culture and climate of a learning community motivated to always try their best.

Home Reading

Children are to read their class/ library book and write a comment in their reading diary **everyday**.

In KS2 the expectation is to read 25 minutes each day

Parent Workshops/ Volunteering

A variety of parent workshops will take place on Thursday mornings throughout the year with Shabana and Momothaj, our parent support workers.

These will be based around a variety of topics from keeping your children safe online to mental health and wellbeing.

Additionally, class teachers will lead workshops with the children so that you are able to come in and find out more about how to help your child learn at home. A school ping will be sent in advance to let you know when your class workshop is taking place.
