

Update Friday 15th January 2021
Head Teacher Mrs Lynne Osborne

Dear Parents and Carers,

The weekend is here and if we're very lucky we may have some snow! There have been lots of 'Reasons to be Cheerful' this week, not least the children's excellent engagement with both remote learning and remote collective worship. I for one thoroughly enjoyed today's Celebration Assembly singing, although I gather some of the audience weren't as enamoured!

This week it's just a few of Year 4's excellent illustrations of the 'Water Cycle' showing great scientific understanding:

A very clear (and big) explanation Jessica well done

**Thank you Freddie W
excellent illustration.**

Wow! What an achievement

A fantastic turnout out at today's Celebration Assembly. Do please keep sending in your news about great home learning or going the extra mile!

Next week sees the launch of **3 O'clock Stop!** on Google Classrooms. (There's a separate classroom and all your children should have been invited.) It will be great to see as many children as possible as we share stories.

Monday 18th January	Miss Forsyth's story time – ages 7-11
Tuesday 19th January	Mrs Taylor Bible Story – whole school
Wednesday 20th January	Mrs Osborne famous faces talk This week Vincent Van Gogh
Thursday 21st January	Mrs Stewart story time –ages 3-7
Friday 22nd January	Miss Gray 'Get set for the weekend' whole school

Pandemic Positives – Let's grow some healing herbs together

Mrs Milton has been incredibly busy preparing seed pots and packs for our children, these will be ready for collection from Monday next week (18/1). Simply, pop by and pick up a pack when you're out for your exercise. Don't forget to get a book too!

Remote learning update

Thank you for all your comments and suggestions, your feedback is invaluable to us and will help us deliver the best possible remote learning experience for your children. Look out for the questionnaire we will be sending out regarding our remote learning provision. I have also asked parent reps to collate any comments and feedback. Following a parent suggestion, Years 1-6 will be offering a weekly class meet-up session for those children who want to be involved. We will once again be delivering Collective Worship

sessions three times weekly on Mondays, Wednesday and Fridays but at the slightly later time of 10.30 to enable all classes to complete their Google Meets.

For further ideas and activities for remote learning head to our class pages and the remote learning section on the St Mary's website.

A final note:
