Headteacher's Message

Dear all,

I would like to start by saying thank you to all our students, parents and staff for their hard work and support during a very busy exam season. Our students have been amazing and I am sure each one will reap the rewards of their hard work and commitment to study, when their results are published in August.

Although public exams are now over, we are about to embark on important, internal Year 12 exams next week. Once these have concluded, all students can look forward to a packed itinerary of celebrations and trips, as we head towards our summer holiday.

We have recently held our Year 10 intervention evening and Year 7 parent evening events. It was so encouraging to see so many parents attend and I would like to thank you for continuing to support the school in ensuring the best possible outcomes for your children. Please remember that if you have any concerns about your child, then we are here to help and you can contact your child's Director of Studies, through our main reception on 01753 520473.

As the summer approaches and the heatwave continues, many young people will be tempted to take to the water to cool off. We are spoilt by many beautiful waterways around the area, but these come with a safety warning. Can I please ask all parents/carers to talk to their children about the risks of going into open water? There is an article later on in this bulletin that points out some of the risks and what everyone can do, to keep as safe as possible around water. Please take a moment to read it and watch the accompanying, short video. Being aware of the risks and what to do in the case of an emergency, really can save lives.

Anita Spires - Headteacher

WATER GUNS

Although we appreciate water guns provide a lot of fun, especially in the heatwave we are currently experiencing, they are not permitted in school. Can we please ask parents/carers to remind their children to leave their water guns at home. If they are seen in school, they will unfortunately be confiscated.

Thank you for your support.

RESPECT • EXCELLENCE • KINDNESS

MEET OUR TEAM ... We hope to introduce a member of our school community through each issue of our Parent Bulletin. ***This week we introduce Umar Nasib***

It is an honour to introduce myself in this week's parent bulletin. My name is Umar Nasib and I work at Beechwood School as a cover supervisor.

I have been working at Beechwood School for almost 2 years and I have worked in many different areas of the school. Last year, I split my time between 3 departments as a technician. This was in IT, Design Technology and Art. I then decided that I wanted to build on my experience and knowledge and work towards more of a teaching role, so I applied to become a cover supervisor.

Alongside this role, I am the Deputy Director of Studies for the Year 10 group and am also co-running the Duke of Edinburgh scheme for Year 9's and 10's. Outside of school, I am a school governor for Claycots Primary School who we work closely with as part of our local community. I have also recently been interested in supporting the local community further, so am exploring ways to get involved in and support Slough initiatives.

When I am not in school, you can find me in the cinema with a big bucket of popcorn, or going on a hike in beautiful weather. I love to spend time out with either my friends or my family on the weekends, even if it is just for a sunset drive.

A fun fact about myself would be that I used to be a student right here at Beechwood School. I joined as a Year 7 student back in 2013 and after successfully completing my GCSE's, I went on to complete my A-Levels in Beechwood Sixth Form.

I count myself very lucky. I was busy with applications for job roles and felt quite confused about my next steps, when Beechwood gave me the opportunity to work here. After working hard in the different departments, I fell in love with my role and decided that I wanted a career in education. I can honestly say I am now building my career in teaching and education, all thanks to the amazing opportunities Beechwood has given me.

It is a pleasure to work at Beechwood School and to support the students and staff. By working together, the Beechwood community will help students achieve their best possible exam outcomes and help them be as prepared as possible for their higher educational journey, or future employment.

Celebrating Excellence

GREAT SUCCESS AT THE DISTRICT ATHLETICS 2023

On Friday 26th May, a group of students from year 8 to 10 were entered into the District Athletics Schools competition.

The students' focus and support for each other was absolutely fantastic and they were exceptional on the day.

We came away from the event with some students placing in events, such as Kornelia Pietka placed 3rd in the Year 8 Long Jump, Sanya Iqbal placed 2nd in shot put for year 7 Girls and Veronica Somide placed 3rd for Year 8 Girls Discus - both stepping up to the event having only learnt the skills in lessons. After a stumble at the first Hurdle, Patricia Kijek got back on her feet and caught up and ended the race in 2nd place.

Lily May Oliver held on to first place during her 1,500m and was just overtaken on the last 100m and ended the race in 3rd place. In the boy's field events, Aron Shiel placed 3rd in Triple Jump as did Mohamed Rafat for the year 10 High Jump.

We also had some students come first in their events:

Year 7 - Keevah Delaney - 75m race
Time of 10.45 seconds

Year 7 - Keevah Delaney - Long Jump - 3.35m

Year 8 - Francisca Somide - 200m race
Time of 31.10 seconds

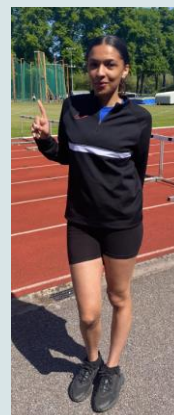

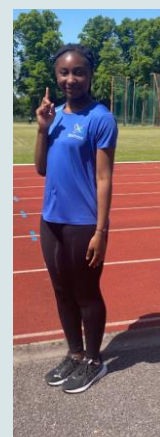

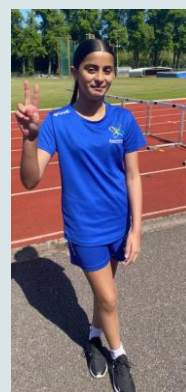

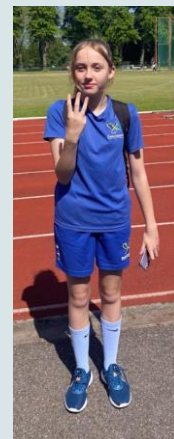

Year 9 - Monika Strzelczyk - Shot put - 6.25m

Year 9 - Aron Shiel - 800m - Time TBC

Year 10 - Tiarrah Christian-John - Long Jump 3.66m

Above just a few names, but every student we took to the event went above and beyond, some stepping in at the last minute to represent the school in an event they had not practiced for.

A huge well done and thank you to all students - **Year 8 girls team placed 3rd overall.**

To provide an exceptional educational experience for all where potential is nurtured and responsible citizens created.

YEAR 10 GEOGRAPHY STUDENTS ENJOY A FIELD TRIP TO THE RIVER PANG

Recently, a group of our year 10 students attended a field trip to the River Pang at Rushall Farm.

The students were able to go in the river at 3 different places, to evaluate how a river changes downstream.

The fieldwork was completed as part of their GCSE geography qualification. All students were brilliantly behaved and there were compliments from the leading staff about the student's willingness to take part in such a great opportunity.

The rest of our year 10 students will be taking part in the same trip on the 30th June.

YEAR 9 CURRICULUM BOOST

Three weeks in and the group of year 9 pupils have already experienced the following activities:

Small group work with Mrs Watson, a maths session with Mrs Noctor and a history of Slough session with Mr Gaffin. They have also had the opportunity to begin to regulate their body and mind when it comes to stressful situations, such as exam prep with two healthy minds sessions.

Alongside these on-site activities they have already had trips to Burnham Beeches learning around natural vegetation, a team work on the water session at Dorney Lake and a walk around Windsor to understand the importance of the royal family and Windsor as a tourist destination.

More to come, but the pupils are learning that there is more to education than being in a classroom.

Keep up the great work everyone!

Mr Goodman

Embracing New Opportunities

YEAR 10 ROWING AT ETON EXCELSIOR ROWING CLUB

Summer term began with some new rowers as part of our ever-growing link with Eton Excelsior Rowing club.

We had 6 new pupils learning to row on the river for the first time and with the help of 6 previous rowers, they have picked up rowing techniques inside the first two sessions with ease.

As always a special thanks needs to go to the coaches and volunteers from the rowing club, as without them these opportunities just simply wouldn't happen.

A massive well done also needs to go to the pupils who are demonstrating that anything is possible and opportunities are out there if they are willing to take the 'plunge'. With more sessions to go, who knows how much development will happen and whether or not we have some future rowing stars on their hands.

WORLD ENVIRONMENT DAY #beatplasticpollution

Earlier this month, students learnt about our environment and what it gives us – food, clean water, energy, medicine, wood and paper, weather, fun, a home for example. They also discussed in tutor time, about the affects human activities have on our planet i.e., farming, logging, fishing, transport and pollution. It was interesting to learn that a foam plastic cup takes 50 years to decompose, a plastic bag between 10 to 20 years and a plastic bottle 450 years!

Students talked about what they could do to help beat plastic pollution – there's some really quick and easy changes to our everyday habits, that can make a massive impact on the planet.

What can you do? Quick & Easy

1. Bring your own bottle.....
2. Buy drinks in cans.
3. No to straws
4. No to plastic carrier bags...even the 20p ones!
5. Don't buy drinks in single use cups.

Mobile Phones and Earphones

We understand that students may need their mobile phone and earphones on their journey to and from school, however once on site, mobile phones must be put on silent or switched off and put away in their school bag or blazer pocket, along with their earphones.

Most students are following these rules; however, a small number are not. Students seen wearing earphones around school, will have them confiscated until the end of the school day. This includes break and lunchtime.

Can we please ask that you remind your child about the use of mobile phones and earphones in school, so that we can avoid having to take these items from them.

Thank you

To provide an exceptional educational experience for all where potential is nurtured and responsible citizens created.

BURNHAM JUNIOR FOOTBALL CLUB SUCCESS

.Burnham Junior FC enjoyed its presentation day recently.

The team went unbeaten this season, won their division and Jakub Singh, won the Players Player Award.

Jakub, Connor Rodda and Adrian Czerniecki have been amazing this season, both as players and individuals. They have proven themselves to be a real asset to the Burnham Junior FC team and we are super proud of them all.

The team's coach wrote to our PE department to congratulate the boys and express what an absolute pleasure it is to coach them all.

Well done boys. You should be so proud of yourselves.

WELL DONE to the pupils that have improved their attendance and managed to book themselves a place on the **Thorpe Park** trip.

We hope to see attendance continue to improve going into the next school year.

Attendance remains a national issue and we are tightening down, as are all schools across the country, on our measures to help improve it.

A reminder: Please report your child's absence every day of the absent period, by calling the **attendance line on 01756 787293** and leaving a message, **text to 07786 201170** or email attendance@beechwood.slough.sch.uk.

Please note that an appointment does not necessarily require a full day off school. Your child must attend school, before and after an appointment, if it is during the middle of the school day. We encourage appointments to be made at the very start or very end of the school day, to minimise disruption.

Please encourage your child to be at school on time. Punctuality matters and students should be ready for registration at 08:40am. Registration closes at 9am and a child arriving after this time, without medical proof, will receive an authorised mark for the morning session. Attendance is also important for each lesson throughout the day and all students should attend their lessons on time.

Thank you for your continued support.

SUPPORTING HEALTH & WELFARE

BE SAFE IN THE WATER THIS SUMMER

Emergency services across the Thames Valley have joined forces with double Olympic gold medalist swimmer Tom Dean MBE, to share important water safety messages this summer.

<https://youtu.be/jdcxThIHUmc>

As the weather gets hotter, emergency services, local authorities and the Environment Agency will be working together across the Thames Valley to share how to stay safe by the water and how simple changes and techniques could save a life.

Following tragic deaths in the water over the last few years in the Thames Valley, Thames Valley Police, Buckinghamshire and Royal Berkshire Fire and Rescue Services, the Environment Agency, South Central Ambulance Service, Buckinghamshire Council and the Royal Borough of Windsor and Maidenhead have all been working together with the aim of warning and informing residents of how to stay safe by the water, particularly with young people who often head to the water side when schools are closed.

Over the summer, all agencies will be participating in joint patrols of the riverside and running a number of safety events on hot, sunny days when these areas are busiest.

On a hot day, water may look enticing, but you can never be fully aware how deep the water is, how the temperature of the water may affect you, how fast the currents are, or what objects might be under the water and out of sight.

We urge you to speak to your child(ren) about the risks of open water and share with them some key survival tools in the event they find themselves in water and struggling:

- There are numerous natural and man-made hazards in our waterways – varying water currents, weirs, reed beds and dangerous objects beneath the surface that have been carelessly discarded.
- Jumping into cold water can lead to cold-water shock, even for the strongest, most experienced swimmers.
- Sudden exposure to cold water can immobilize or even kill.
- If you're going to go into the water, enter the water carefully from a sloping bank, so you can test how cold it is and feel how deep it is.
- Always have someone with you.
- If you find yourself in trouble, try not to panic and remember **'Float to Live'**
- **Call – Tell – Throw.** If you see someone in difficulty, remember these three words and call 999, whilst keeping the person in view. Shout to the person to float on their back and try to throw something to them to help them float.
- Always tell friends and family where you are going, your planned route and what time you plan to return.
- Carrying a whistle to draw attention if you do get into difficulties is a good idea.

We want everyone to enjoy their summer safely. If you love water and enjoy swimming, try to seek out safe areas to swim. Head to outdoor lidos or other supervised swimming areas wherever possible.

Supporting our Students

CLASSCHARTS in School

CLASSCHARTS is widely used in school and allows teachers and parents/carers to track positive and negative behaviour of students in school.

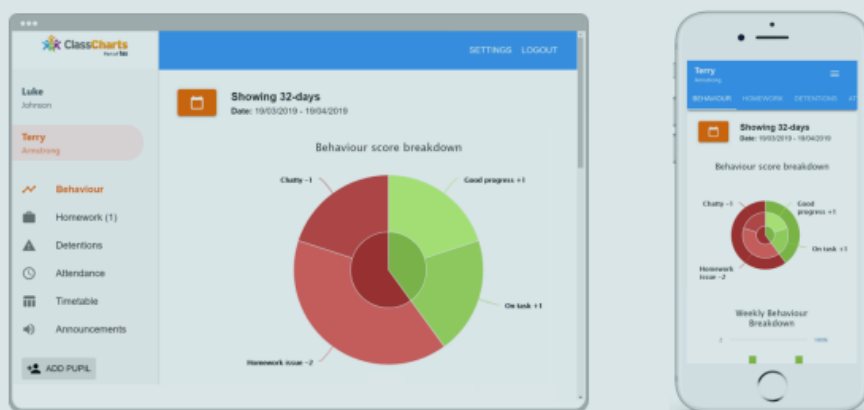

The App gives every parent/carer access to the ratio between positive and negative behaviour as well as being notified if a student receives an after school detention, including the reason, length of the detention and the name of the member of staff who set the detention. **If you haven't already downloaded the Parents App, we actively encourage you to do so. If you require any support with this, please contact your child's Director of Studies or Form Tutor.**

What is Class Charts for parents?

Depending on how your school has set up our system, you will be able to use Class Charts to keep track of your child's [behaviour](#), view [attendance](#) records, access their weekly [timetable](#), view assigned [homework](#) tasks, track scheduled [detentions](#), create [wellbeing](#) submissions and view announcements from their school.

If you have more than one child, you can access Class Charts information about your children from a single, centralised parent account.

Class Charts for parents can be accessed via our [website](#), or through our [iOS](#) and [Android](#) apps.

You should have received a [Parent code](#) from your school, which will look similar to the example code shown on the right.

This code is used to set up your [Class Charts parent account](#), which is covered on the next page.

ABC123

For more information, please visit the [Parent Information guide](#)

NEW SCHOOL UNIFORM SUPPLIER

We are pleased to confirm that we have a new uniform supplier, located on the Slough trading estate.

Uniform can be purchased directly through School Days Direct. Please contact them for any of your school uniform needs.

Students may continue to wear the purple school jumper, but now have the choice to wear either a round neck, or V-neck black sweater too.

Please note, School Days Direct do not currently supply our PE kit. PE Kit should continue to be purchased through the link on our website.

Please note prices listed are prices from only, and may vary dependent upon the size that is required

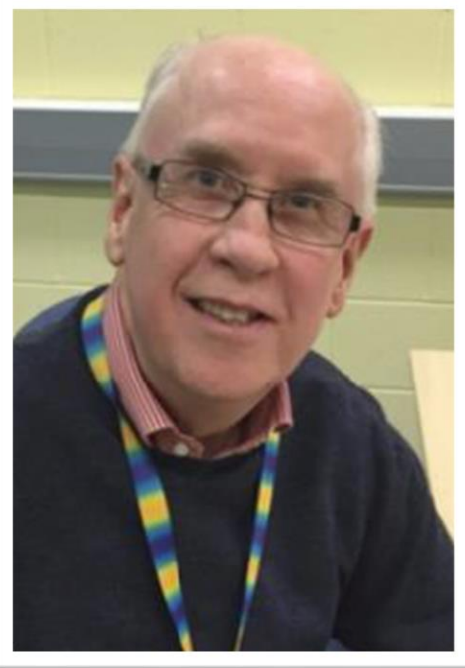

Supporting our Students and Wider Community

THANK YOU MR ROWLEY ...

I have now stepped down as Chair of Governors after many years and handed that baton to Katherine Russell, who I wish every success in that role. I will continue to support Beechwood as a Governor and will continue to take pleasure in working with you all for a few years yet, I hope.

I joined Beechwood as a governor in 1999, which for our current students means they were not even born! It may even be that some of your parents were students at Beechwood at that time.

When I started as a Governor, the old school building was where the sports field is today. They were good times, but the buildings were in poor condition and needed replacing. The buildings we have today are so different and a much better place for you all to be educated and staff to work.

My time at Beechwood has always been a pleasure and that continues today. That pleasure comes from seeing students join Beechwood from their primary schools and enjoy an education, gaining valuable GCSEs and A Levels, to then go on to places of work or to higher education. This all happens at the same time as growing into young adults and aspiring to do the things they dream of.

Beechwood today is such a different school. You as students and staff have facilities and technology that at that time we couldn't even dream of - blackboards and chalk are now replaced by interactive white boards and highly sophisticated computers and software. Very few people had mobile phones in those days and today almost everyone has one. There are magnificent sports facilities, your swimming pool is envied by many other schools.

The school and all of the students and staff continue to make Beechwood the school it is today. We should all be proud to be associated with the school in its quest to improve year on year, for the benefit of our students today and all those that will follow in their footsteps.

USE OF ELECTRIC SCOOTERS

A small number of students have been seen coming into school on electric scooters.

Can we please remind all parents/carers that electric scooters **MUST NOT** be used as a mode of transport to and from school. If brought onto the site, a scooter will be confiscated and parents/carers will receive a call from the school.

Thank you for your support.

For information:

Although it is currently legal to buy an e-scooter, it is **illegal** to use a privately owned one on public roads. Only e-scooters that are part of government-backed rental schemes in certain areas are allowed on public roads, and these cannot be hired to anyone under the age of 16 years. Those over the age of 16, must possess the minimum of a (moped) driving licence.

If caught by the police on an e-scooter, an individual can receive a fine of up to £300.

Supporting our Students and Wider Community

There is a brilliant Inclusive Festival taking place on the 2nd July in Windsor Great Park. FREE festival entry tickets are available for all SSSN school families and a 50% off code for the challenge events too!

Parallel Windsor is the UK's national celebration of disability inclusion & wellbeing – 'Start Together, Finish Whenever' The award winning event is held in the grounds of the majestic Windsor Great Park & staged on the iconic Long Walk.

Parallel Windsor is the UK's national celebration of disability inclusion & wellbeing – 'Start Together, Finish Whenever'

The award winning event is held in the grounds of the majestic Windsor Great Park & staged on the iconic Long Walk.

The format of Parallel Windsor features a range of challenge events for everybody of all ages, health conditions & abilities. Walk, push or run - there are no cut off times, highlighted by their slogan of '**Start Together, Finish Whenever**'.

The selection of distances range from 100m, 1k, 5k, 10k & their very own SuperSensory1K. The shorter distances start & finish on the historic Long Walk, with two stunning routes in The Great Park for the 5k & 10k; all finishing against the backdrop of Windsor Castle.

Everybody who starts gets a medal, t-shirt, water & goody bag.

Parallel Windsor also features the fully accessible Festival of Inclusivity, providing lots of inclusive fun & entertainment for the whole family.

The festival footprint brings together a wonderful charity village, picnic area, yummy food concessions & famous Clusivity Inn provided by The Windsor & Eton Brewery. There is also a huge range of activities & entertainment - Live Music Stage, Arts & Crafts, Storytelling, Sport, Active Lifestyle, Play, Skills & Careers, Technology, Mobility & Community.

As a fully accessible event, Parallel Windsor has on-site parking, on-site mobility aids for hire, accessible toilets (including 3 Mobiloos), medical support, quiet spaces & all support & assistance animals are welcome.

You can find more information here [Parallel Windsor 2023, Sun 2 Jul 2023 at 10:00 | Race Space](#) including all the booking details, **you do still need to book a ticket/register to attend even if you are just going for the festival.**

Code **SSSNFestival** gets you free festival entry tickets

Code **SSSN50** gets you 50% of all challenge events

If you are local and free on the day we encourage you to go along, they have sold in excess of 4000 festival tickets so far and have over 1500 challenge event entries too so promises to be a big event!

Football Winners Revealed

Eight partnership schools participated in the annual TVLP football competition on 7th June 2023, going head-to-head at Powerleague; a specialist 5-a-side football facility on the grounds of Slough & Eton C of E Business & Enterprise College.

There were some great games played by Beechwood School, Holyport College, Lynch Hill Enterprise Academy, Slough & Eton C of E Business & Enterprise College, St Joseph's Catholic High School, St Mary's School Ascot, The Windsor Boys' School, and Windsor Girls' School.

Congratulations to the winning boys' team, Slough & Eton C of E Business & Enterprise College, and to the winning girls' team, Holyport College (both pictured above). Well done also to all the students that took part.

Thanks to our event partners, TSI World Bees Ice Hockey Schools Programme, who provided entertainment, the medals, trophies and ice hockey game tickets for the winning boys' and girls' teams.

A selection of additional photos from our 2023 and 2022 tournaments are available to view on our website: tvlp.org.uk/sports-competition

Heads' & Champions' Dinner

Headteachers and Champions across TVLP schools came together on Monday 22nd May 2023 for a dinner at Eton College, to celebrate the TVLP activities and actions delivered so far in this academic year.

This followed on from the Headteachers' bi-annual meeting, signing off the TVLP's Annual Report (which will follow in July) and approving the TVLP Events' Programme for the 2023-24 academic year.

The dinner also provided an opportunity for the Headteachers and Champions to praise the TVLP Coordinator, Clare Matheson, who will sadly be leaving in August, and to thank her for all her hard work since she took up her role in September 2019 (when the TVLP was first launched).

An update on who the new TVLP Coordinator will be from September will be provided following their appointment.

2023-24 Dates For The Diary

We have a great range of events and competitions planned for the next academic year. To find out more follow us on Instagram, Twitter or LinkedIn, and/or check out our website.
