

Professional Volunteering

2021 Edition

Professional Volunteering

Proposal

Description

Repsol Foundation has launched this initiative to **support different social organisations that work in areas related to the energy transition** with groups at risk of social exclusion, through volunteer challenges that Repsol volunteers will participate in.

In this initiative, you will collaborate in **multidisciplinary teams and you will place your talent, knowledge, and experience** at the service of society, becoming an agent of social change.

Objective

You will contribute to **responding to the needs identified** by social organisations at a local or international level, positively transforming your environment.

Duration

Each challenge **lasts approximately 3 or 4 months** (between **30 and 50 hours** of volunteering in total), to achieve a significant impact.

Once the volunteers have been selected, the schedule for each challenge is specified in detail based on their availability and the needs of each challenge, ensuring greater **time flexibility**.

They will be carried out, for their duration, **online**.

Professional Volunteering

Participation requirements

- ✓ Be a Company **employee**.
- ✓ Be **registered on the site** as a Repsol Volunteer and sign up for the *Professional Volunteering* initiative challenge(s) that interest you the most.
- ✓ Each challenge requires you to respond to one or more specific needs, which is why applications will be evaluated based on the **profile identified for each challenge**.

Professional Volunteering

How can I sign up?

1. If you are not yet a Repsol volunteer, **register at the following [link](#)**.
2. If you are already registered, **sign up** for the challenge/s that most interest you and best suite your experience, taking into account the profiles, and **indicate your area of expertise**.
3. Once registered, send us an email to voluntariado@fundacionrepsol.com, indicating **your professional profile and academic training** related to the challenge you have signed up for, and let us know if you have any **volunteering experience**.
4. At the end of the registration period, **we will select those volunteers who meet the requirements and best fit the profile** for each challenge, and we will contact you to tell you if you have been selected or not.

Sign up before 25 May

and contribute your knowledge and experience to transform society!
