

LAWNFLITE

T88SM

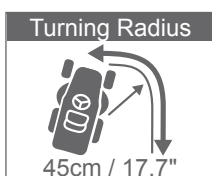

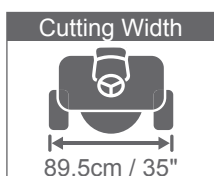

Meet the lawn tractor that makes mowing larger open spaces easy and economical. Its compact, nimble 35 inch cutting deck is perfect for covering open areas quickly, without the hassle of stopping to empty a grass collector.

Versatile enough to handle changing lawn conditions, the side-discharge setup is ideal for tackling longer or more overgrown grass, helping you keep moving with ease. When conditions are right, simply fit the mulch plug to return finely cut clippings back into the lawn, adding nutrients to the soil for healthier, greener growth.

Controlled by a manual transmission, you can easily select from five forward gears and one reverse gear using the hand-operated control.

Powered by a Loncin 432cc engine with 8.8kW of output, and with six adjustable cutting heights from 30–90mm, it gives you the performance and versatility you need at tremendous value of money.

Specifications

Power	8.8kW 12hp
Engine	Loncin LC1P90F-1, 432cc, 2600rpm
Battery capacity	DC12V/18Ah
Fuel tank volume	8.5L
Transmission	Mechanical
