

The 108SH-L5 is powered by a robust Loncin V-Twin 586cc engine, delivering an impressive 12.5kW (17hp) of power, making it ideal for more challenging mowing conditions where extra strength and performance are needed.

With its 42-inch cutting deck, this tractor makes light work of larger lawns by helping you cover more ground in fewer passes. Despite its wider deck, it remains easy to control and manoeuvre, with a tight 45cm turning radius that makes navigating corners, borders and obstacles feel effortless. Six adjustable cutting heights from 30–90mm give you the flexibility to tailor the finish to suit your lawn, while the premium seat and armrests provide a comfortable, commanding driving position.

The smooth hydrostatic transmission delivers intuitive speed control through separate forward and reverse pedals. Simply apply more pressure to increase your speed, or ease off to slow down, giving you effortless control as you mow.

This versatile machine also offers both side-discharge and mulching options. Side discharge is ideal for tackling longer grass without clogging the deck, while the mulch plug allows you to finely recut clippings and return them to the lawn, helping to promote healthier, greener growth.

Specifications

Power	12.5kW 17hp
Engine	Loncin V-Twin LC2P73F, 586cc, 2400rpm
Battery capacity	DC12V/18Ah
Fuel tank volume	8.5L
Transmission	Hydrostatic
Turning Radius	45cm / 17.7"
Cutting width	108cm / 42"
Cutting height	30 - 90mm 6 positions
Reverse mowing	Yes
Wheel size	15" / 18" (38cm / 46cm)
Function	Side discharge, Mulching
Net weight / Gross weight	207kg (456lbs) / 249kg (549 lbs)
