

Built to take the hard work out of mowing larger lawns, this side-discharge lawn tractor combines strong performance with easy, comfortable control. Powered by a Loncin 452cc engine delivering 9.2kW (13hp), it has the strength to handle demanding conditions with ease, while the wide 39-inch cutting deck helps you cover more ground in less time.

Six adjustable cutting heights from 30–90mm let you tailor the finish to suit your lawn, whether you're giving it a regular trim or tackling more challenging growth. The smooth hydrostatic transmission, controlled by separate forward and reverse pedals, gives you intuitive speed control for easy manoeuvring, while the tight 45cm turning radius is a real advantage when mowing neatly around borders, trees and other obstacles where precision matters most.

The side-discharge system is ideal for tackling longer or more overgrown grass, allowing you to keep moving without interruption, while the mulch plug gives you the option to finely recut clippings and return them to the lawn to help promote healthier, greener growth.

Add in the convenience of reverse mowing and an integral tow bar, and you have a versatile, dependable tractor designed to deliver an efficient cut and a clean finish.

Specifications

Power	9.2kW 13hp
Engine	Loncin LC1P92F-1, 452cc, 2600rpm
Battery capacity	DC12V/18Ah
Fuel tank volume	8.5L
Transmission	Hydrostatic
Turning Radius	45cm / 17.7"
Cutting width	98.5cm / 39"
Cutting height	30 - 90mm 6 positions
Reverse mowing	Yes
Wheel size	15" / 18" (38cm / 46cm)
Function	Side discharge, Mulching
Net weight / Gross weight	199kg (438lbs) / 239kg (527lbs)

Accessories

Arm Rest Kit

Part No: T092FSZJ000
