Does your child have access to a Chromebook (or Laptop)

If you want to support your children both now and for the future, one of the best things we could suggest would be to get a Chromebook. A Chromebook is like a laptop but more suited to school work at Woodcroft. Everything we do in school is on the Google Chrome platform. Microsoft Windows laptops are fine to use but not as straightforward.

Phones and tablets are fine for watching media but they are not ideal for school work. We highly recommend using a device with a proper keyboard. If your child has a chromebook they will be able to continue to use it for homework and study when we return after lockdown. It will be a good long term investment for your child's education.

Online School - Please continue to support your children!

New Online Guides available to help your child 'go green'. Going green means your child is completing all their online work and keeping in contact by posting, commenting or emailing their teacher. Look out for new guides to our online offer on the Woodcroft website.

GO GREEN!

Red:

No comments, little work completed - the school is getting worried about your child.

Amber:

You are visible online and have completed work on some (but not all) days of the week.

Green:

Completing ALL work and being visible online EVERY day!
