

Dear Parent/Carer,

As part of our school's commitment to inclusion and diversity, we will be taking part in **Wear Red Day** on Friday 16th October 2020. All we ask is that your child wears their school cardigan or jumper in school so that they are wearing something red. If your child has red socks or a red hair bow then that would be a great way of supporting the day too, but please do not feel you must buy anything special.

Your child will take part in age appropriate activities to promote inclusion, understanding and your child's cultural development. We would also ask for a small donation of anything up to £1, this will go towards training teachers and educating children across the country in promoting the importance of children's personal development, inclusion and diversity. We thank you for your support. If you have any questions please approach your child's class teacher.
