

# Google classroom for parents

Your child has access to google classroom, where work is regularly posted for your child to complete, this can be in the form of workbooks, links to websites etc. As a parent you can get regular updates for work that has been set for your child. In order to access this you should receive an invite from a teacher, with the email you provided for contact, which lets you access your child's classroom.

## Accessing email updates

You can set up google classroom to give you daily and weekly summaries of your child's work for that week. In order to get these weekly updates you have to click the "accept" button highlighted in blue. From here you will receive weekly updates as shown below.

### Google Classroom email summaries

Email summaries are sent to parentparent451@gmail.com. [Learn more](#)
