

// ...is the global platform which is not only transforming Stena Bulk, but the industry as a whole. Through transparency towards our customers and with full visualization and voyage control we achieve a more efficient and sustainable operation.

Therese Jällbrink
Business Interaction Manager
Stena Bulk

Voyage tracking allows us to follow our vessels' operations and performance.

STENA SUNRISE
SUEZMAX, DWT 159 034 mt

201706 (Port Freeport - Qinzhou)

VOYAGE

OVERVIEW | VESSEL | ITINERARY | CARGO | ENERGY

Status: Laden **NR** / Under Way Using Engine
Position: 14.75 S / 66.93 E (updated 2 hours ago)
Next port: SINGAPORE **NR**
ETA: 2018-01-11 - 16:00 **NR**
Draught: 16.1 m
Last Sire Date: 2017-08-12 (5 months ago)
Last CDI Date: -
Last Dry Dock Date: -
Next Dry Dock Date: 2018-01-29 (in a month)

ACTIVITY

Laden / Ballast ratio

Laden: 58% / 42% Ballast
