

Player Conduct Form for Juniors Playing in the Senior League

I understand the physicality of the game will be greater due to the nature of it being played by seniors and accept the associated risks that come with this.

I understand that I may be subject to actions and words that would not be appropriate in a Junior league.

I understand that I will be sharing a bench and changing area with adults.

I will ensure that I will wear a full face cage and all body protection as would be required in the Junior league.

If I am subject to words or actions that I am uncomfortable with, I will talk to my parents and coach as soon as practically possible.

I am responsible for my actions and words both on and off the rink and accept any consequences as a result of this.
