Girls Rugby Development Programme

Regional Girls' Series Events

Scottish Rugby's season 2021/22 Girls' Series Event programme will bookend our Regional Cluster Fixture programme. Primarily focussed on player welfare (physical and mental) through a managed re-introduction to the game after an 18 month break the Girls' Series Event programme seeks to remove barriers to participation offering high-quality, age and stage appropriate game play opportunities for Girls (U12 to U18) no matter their level of experience.

Through a layered approach to delivery of game play opportunities, the Regional Girls' Series Event programme prioritises participation over competition. We recognise that geography and maturity of individual programmes does not always align, so the Girls' Series Event programme will promote flexibility through the Girls' Age Grade Law Variation (AGLV) structure. The programme also offers equitable access to game play opportunities across all 5 Regions regardless of player numbers at individual Clubs; Seeking to promote maximum opportunity for all Clubs and Communities to access localised high-quality playing opportunities that are appropriate to the age and stage of development of their player base.

DATE	TIME	VENUE	EVENT

Women's Rugby Development Programme

Women's Development Series

We're delighted to be launching our Nationally aligned, Regionally delivered Women's Development Series in season 2021/22. Aimed at embedding a culture of Women's Rugby across our Clubs and Communities, the programme offers a player centred environment for Clubs wanting to start Women's rugby activities in their community or the further development and transition of players into 2nd XV's

The Womens Development Series will provide meaningful and appropriate opportunities for new and developing players to experience the game in a safe, supportive and enjoyable environment, offering flexibility to help overcome barriers to participation and assisting Clubs in developing their capacity to support and facilitate Women's Rugby.

The programme will also provide Clubs with progressive game play opportunities to assist with the sustainable progression into Scottish Rugby's Regional Women's Leagues when ready. The pilot programme offered significant insight and learning opportunities and has strongly informed the building of a robust and meaningful structure for delivery in season 2021/22.

Graduates from the Pilot Programme: Bishopton RFC, Cartha Queens Park 2nd XV + 3rd XV "Developing Group", Dunfermline RFC, Dundee Rugby, Fraserburgh RFC and Strathmore RFC.
